

## SKILLS

- JAVA | Spring | Spring Boot | DSA
  - HTML | CSS
  - Postman | MySQL workbench | GitHub | IDEs.
- 

## PROJECTS

### Book My Show – Movie Ticket Booking System

- Developed RESTful APIs for movies, shows, theaters, tickets, and user management using Spring Boot.
- Implemented movie filtering by name and language using Spring Data JPA for efficient querying.
- Designed a ticket booking system with price-based filtering and optimized database performance.
- Integrated user authentication and role-based access control, ensuring secure transactions.

### Online Bookstore Management System

- Developed a web-based Online Bookstore using Java, Servlets, JSP, and MySQL.
- Implemented user authentication, book browsing, cart management, and secure payments.
- Designed an admin panel for book inventory management, order tracking, and sales reporting.
- Optimized database queries to enhance system performance and ensure efficient data handling.

### Employee Management System

- Developed RESTful APIs for employee and manager management using Spring Boot and Spring MVC.
  - Implemented CRUD operations with a structured Controller-Service-Repository architecture.
  - Used Spring Data JPA for efficient database interactions and data persistence.
  - Improved code maintainability by following best practices and modular design principles.
- 

## EDUCATION

### Bachelor of Computer Science and Engineering

2020-2024

- Nadar Saraswathi College of Engineering and Technology, Theni.
- **CGPA: 8.31**

### HSC

2019-2020

- St. Agnes Girls Higher Secondary School, Royappanpatty .
- **Percentage: 75**

### SSC

2017-2018

- St. Agnes Girls Higher Secondary School, Royappanpatty .
  - **Percentage: 89**
- 

## INTERNSHIP

### Web Development Internship at Hazzino Technologies

- Developed responsive web applications using HTML, CSS and JavaScript.
  - Demonstrated keen interest in learning and completed all tasks on time.
  - Recognized for exceeding expectations and strong problem-solving skills.
- 

## CERTIFICATE

- Completed the "Programming in Java" course offered by NPTEL.
- Certificate for attending Internship as a "Web Development " at Hazzino Technologies.
- Certificate for attending a bootcamp on "Building Web Apps" as a Full-stack developer.
- Completed the "Advanced Java" course offered by Guru Tech.
- Certificate for participating workshop on " Network Security " .
